

## **"SCRUFFY EAGLE" WEBSITE UPDATES LIST - Part 1**

Dates and details of updates to this website during January thru June, 2010.

*NOTE: This website gets restructured, and documents shuffled from place to place, whenever the whim strikes me or the perceived need yanks on my sleeve. Therefore, links in the update list become outdated and might not be accurate beyond when they're in the most recent update date's entry. I recommend using the Main Page of the website (or topic index pages) - the links on those are always up to date. Also, if anyone wonders why I'm posting this as a .pdf document instead of HTML, here's the explanation: It's much easier to type stuff in this way; i.e., saves a LOT of effort.*
