Your kisses are like candy, and your hugs are just like wine.

Every time that I get near you, I sorta lose my mind.

Intoxication; that's your name.

Entanglement - yeah, that's your game.

A smarter man would run away - find someone much more sane.

My eyes are like an ocean, and my trunk's a tree to climb.

Every time that you get near me, your swallow starts to fly.

A toy to play with; that's my name.

True love forever - that's my game.

A smarter gal would want to stay, where love will never fade.

And, I know what you want tonight.

Yes, I know what you'd like to find.

I know what you hide in the deep of your park

where the sidewalk slides away into the dark

and, you're waiting upon your bench.

Yes, I know what you've got in your head.

And, you know what I need tonight.

Yes, you know what I'd like to find.

You know what I hide with my crocodile rain,
when lollipop elixir takes the edge off your pain.

Yes, you know what I've got in my head.

Yeah, you know about the magic that I hide in my bed.

I run to you, intoxication.

You run, you need intoxication.

We dive into intoxication,
hoping never to arise again.

Hoping never to arise again...

Imagine me like a little boy, and you might be my mommy.

We play so fun - don't ever stop. Don't ever make me sorry.

I wanna bounce upon your thighs again, clapping hands and laughing.

I wanna gaze into your eyes, and then lose myself in the way it felt -

Intoxication!

Imagine you, like a little girl - and, I might be your daddy.

We play so good, you just want more - a party, in your panties.

You wanna bounce upon my lap again, clapping hands and laughing.

You wanna gaze into my eyes, and then lose yourself in the way it felt,

Intoxication!

I wanna climb into your skies again, intoxication.

I wanna rise upon your winds tonight, intoxication.

We run, we need, we chase the breeze,

We beg, we plead, we hug the trees -

Intoxication.

In conclusion:

I hope you've enjoyed reading the lyrics of my song, "INTOXICATION". May it be a gift of spirit, as you journey through life.
